

## Membership Information Form

Formed in 1967, the purpose of the **Auckland Organists' Association** is to foster and promote an appreciation, understanding and interest in organs, organ building, organ music, in the Auckland and surrounding regions of New Zealand.

Some of the objects of the Association are to:-

- hold meetings, seminars and other functions and activities to promote the exchange of ideas, mutual support and fellowship of those interested in organs and organ music
- arrange and promote recitals/concerts by local and visiting organists
- encourage young people and others to learn to play the organ and to enter formal study
- increase awareness and appreciation of, and provide information and advice on, the organ and its music
- liaise with other musical groups with similar objectives

You are welcome to join the Auckland Organists' Association. Events are usually held once a month and take the form of public recitals (concession rates for members), master classes, workshops, lectures, visits to organs of local and historical interest, and social functions. Members of the AOA are automatically members of the New Zealand Association of Organists, ORGANZ.

In addition to the above, members receive a regular newsletter and the periodical of the New Zealand Association of Organists, *ORGANZ News*. Its English equivalent, *Organists' Review* (subscription cost) is also available.
